Programme Brochure

Her Business. Terms. Growth.

Imbali for Her is a flagship national programme designed to promote inclusive economic participation among women by providing

integrated financial and non-financial support. Built from the voices of women across South Africa, it responds directly to the challenges women face in starting and growing sustainable businesses.

What We Offer

- Access to funding - blended finance (loans & grants)
- Business training and skills development
- Mentorship and networking opportunities
- Safe, supportive spaces for women in business

Our Focus

All categories of formally registered women-owned enterprises — from early-stage startups to established small businesses.

Our Goal

To drive inclusive growth by equipping women with the tools, support, and opportunities they need to succeed.

Target Audience

- Women entrepreneurs at all stages of enterprise development, from startup to established small businesses.
- Women entrepreneurs operating across all economic sectors within the Republic of South Africa.
- Women entrepreneurs in urban, peri-urban, township, and rural areas.
- Women entrepreneurs with disabilities

Funding

- Up to R5 million (depending on enterprise stage and viability assessment)

Key Requirements

- 51% black female-owned
- South African citizen
- Registered, tax-compliant business

Kindly refer to our website for more details on the necessary requirements.

How to Apply

Applications are submitted through SEDFA's approved online application platform. The application process follows these steps:
