

REQUEST FOR QUOTATION (RFQ) FOR SERVICES AND/OR GOODS

RFQ Number	NO-143/2025
RFQ Description	Comprehensive Mapping Study
Issue Date	13 October 2025
Closing Date	20 October 2025, close of business
Submission Instruction on or before the closing date and time	<u>Via Email</u> Boitumelo Masingi - bmasingi@sedfa.org.za Tel: (012) 441-1000 or (012) 441-1226
	<u>Hand delivered</u> Small Enterprise Development Agency (Seda) The Fields Office Block A 1066 Burnett Street Hatfield 0833

TERMS OF REFERENCE/ SPECIFICATION

1. ABOUT SEDFA

The Small Enterprise Development and Finance Agency (SEDFA) listed as a Schedule 3B National Government Business Enterprise, with the State as the sole shareholder and the Department of Small Business Development as the Executive Authority. SEDFA complies with both the Public Finance Management Act 1 of 1999, and the Companies Act 71 of 2008.

As the overarching implementing agency of the DSBD, and in alignment with the National Integrated Small Enterprise Development (NISED) Strategic Framework, SEDFA's role is to provide comprehensive financial and non-financial support to Micro-Small Medium Enterprises (MSMEs). The agency aims to empower small enterprises by facilitating their transition from start-up to scalable, growth-ready businesses capable of driving job creation and economic growth.

SEDFA objectives are to:

- I. Design and implement development support programs for small enterprises,
- II. Promote service delivery network that enhances the contribution of small enterprises to the South African economy,
- III. Foster economic growth, job creation, and equity in historically disadvantaged communities,
- IV. Support, promote, and develop cooperative banks and cooperative financial institutions, and
- V. Strengthen the capacity of service providers to support and enable small enterprises to compete successfully both domestically and internationally.

2. PURPOSE

The purpose of this project is to appoint a Service Provider to validate the stakeholder mapping exercise already conducted by SEDFA and to develop spatial maps that integrate and visually represent the ecosystem actors mapped. This validation and visualization process will ensure accuracy, usability, and strategic value for policy development, programme design, service accessibility, and monitoring. This initiative is a strategic output for the 2025/26 Annual Performance Plan (APP).

3. PROJECT BACKGROUND

The small enterprise ecosystem in South Africa comprises a diverse array of actors, including government departments and agencies, private sector entities, development finance institutions (DFIs), academic institutions, non-profit organizations, incubators, and accelerators. SEDFA previously conducted a stakeholder mapping exercise to profile these actors, but the dataset requires validation, refinement, and visualization to maximize its utility. The validation and mapping exercise is directly linked to two strategic deliverables outlined in the APP:

- Developing and maintaining a validated and comprehensive database of ecosystem players, including their geographic locations, service offerings, target sectors, and institutional types.
- Producing national spatial maps that visually represent ecosystem providers, helping to identify coverage gaps, regional disparities, and opportunities for strategic intervention.

The validated ecosystem mapping and database will serve multiple purposes:

- Informing policy and programme design by the DSBD and SEDFA.
- Enhancing access to services by making the landscape visible and navigable to entrepreneurs.
- Facilitating collaboration and alignment between various actors in the ecosystem.
- Providing a monitoring and evaluation tool for tracking ecosystem performance and service reach over time.

4. OBJECTIVES OF THE STUDY

- To validate and refine the existing stakeholder mapping dataset to ensure accuracy, completeness, and relevance.
- To assess overlaps, gaps, and inconsistencies in the mapped stakeholders.
- To develop spatial maps that integrate validated stakeholder data, illustrating geographic distribution, sectoral focus, and service offerings of ecosystem actors.
- To provide visual outputs that support decision-making, coordination, and monitoring of the small enterprise ecosystem.

5. SCOPE OF WORK

The appointed service provider will be expected to:

Validation of stakeholder mapping data

- Review and verify the existing stakeholder mapping dataset.

- Conduct targeted consultations with key stakeholders to confirm and validate data accuracy.
- Identify and address data gaps, duplication, and inconsistencies.

Development of spatial maps

- Use Geographic Information Systems (GIS) to create interactive spatial maps of ecosystem actors.
- Link each mapped actor to its validated attributes (e.g., type of service, sector focus, geographic coverage, target beneficiaries).
- Ensure that the maps are user-friendly, searchable, and compatible with SEDFA's internal systems.

Stakeholder engagement

- Present draft validation findings and maps to ecosystem actors for feedback.
- Incorporate stakeholder feedback into the final outputs.

Final outputs

- A validated and consolidated stakeholder mapping dataset.
- Interactive spatial maps linked to the validated dataset.
- Stakeholder validation report summarizing the process, findings, and recommendations.

6. PROJECT ACTIVITIES/ DELIVERABLES

- Inception report with work plan and validation methodology.
- Validated stakeholder mapping database.
- Spatial maps of ecosystem actors (interactive or GIS - based).
- Stakeholder validation and engagement report.
- Final consolidated report and presentation.

7. DURATION OR TIMEFRAME

The duration of this project, from commencement to conclusion, must be conducted within three (3) months after the project inception meeting. The service provider is therefore required to submit with this proposal a detailed project implementation plan covering all phases or activities within this timeframe.

8. SEDFA'S ROLE AND RESPONSIBILITY

The SEDFA project team (Research unit together with the Ecosystem and Stakeholder Management division) at the National Office in Pretoria will work directly with the service provider to ensure effective and efficient project management and coordination.

9. INFORMATION REQUIRED IN THE PROPOSAL/QUOTATIONS

- **Cover Letter**

The Proposal should include a cover letter that briefly introduces the proposal's implementation methodology, timeframe, and total cost based on the required statement of work and any additional aspects that the service provider would like to include. The letter should further indicate the period of validity of the proposal and other elements that may be considered necessary.

Business Profile

The service provider should submit a company profile, which should include: -

- the business' general details and the field of specialization.
- A schedule of staff assigned to this project, their roles/ position in the company, and their qualifications. Please attach abridged CVs and copies of academic qualifications.
- the details of similar projects done and the contact details of the referees for respective projects.
- Any other information that the Service Provider may deem relevant.
- The business profile should be annexed to the Proposal and marked accordingly.

Project cost

- The project cost is an essential factor to SEDFA as it ensures optimum value for money.
- The proposal should include a cash flow schedule showing the cost breakdown of every proposed activity or deliverable and the total project cost.

PROJECT MANAGEMENT PLAN

The service provider shall compile a project management plan addressing the following aspects, among others:

- Project Management Organization and Responsibility Matrix –the project management team intended to be used to execute the assignment.
- The Project Manager, resources, management procedures, and lines of communication shall be identified and defined.
- A Responsibility Matrix shall be included to define the roles and responsibilities of the different team members.
- The service provider shall also indicate the number of personnel committed to the project. Their brief resumes should be submitted, demonstrating their experience and knowledge related to the project.

METHODOLOGY AND IMPLEMENTATION APPROACH

The Service Provider is required to provide a clear and detailed description of the methodology that it is proposed to be used to execute the work required.

10. EVALUATION OF PROPOSALS/QUOTATIONS

To facilitate a fair comparison between the service providers/consultants, all proposals will be converted to a common basis on the comparative list.

10.1. Phase 1: SCM Document Assessment Criteria

The following assessment criteria will form the basis of the evaluation of all price proposals and failure to comply may result in the elimination of the price quotation for further evaluation:

10.1.1. Submission of completed and signed SBD 4; and

10.1.2. Submission of completed and signed SBD 6.1 document.

10.2. Phase 2: Functionality Criteria

The following criteria will be used for evaluating all price quotations that met the assessment criteria on the basis of functionality where price quotations must score a minimum of (**70 points**) for functionality to qualify for further evaluation in terms of the 80/20 preference points system.

	Criteria			
1	Functionality	Points Allocation		
1.1	Experience / Track record (20 Points): - Demonstrated experience in validating stakeholder mapping exercises, conducting ecosystem analyses, and developing GIS or spatial maps. - Provide at least three (3) references for similar projects conducted in the past 5 years.. Each reference should include: - Name of client - Project title and description - Duration and year of completion - Contact details (email and phone number)	Check and tick the relevant box below	Points	
		three References (20 Points)		
		Two references (15 Points)		
		One reference (10 Points)		
		No Reference (0)		
		<i>Points</i>		

1.2	Project Leader Qualifications and Experience (20 Points): Master's degree in economics, Business Management, Development Studies, Public Administration, GIS or Spatial Planning, or related field.		
		With a master's degree and above (10 points)	
		Without a master's degree (0 points)	
		<i>Points</i>	
	Minimum 5 years' experience in research, stakeholder mapping validation, GIS mapping, or enterprise ecosystem analysis,	5+ years (10 points)	
		3 - 4 years (5 points)	
		Less than 3 years (0 points)	
		<i>Points</i>	
	Team Composition & Qualifications (15 Points) At least three team members with relevant degrees and a minimum of 3		
		At least three team members with relevant degrees and a minimum of 3 years' experience in validation, GIS or	

	years' experience in validation, GI or spatial analysis, or enterprise development research.	spatial analysis, or enterprise development research. (10 points)			
		• Full compliance – 5 points. • Partial compliance – 3 points. • Minimal compliance – 2 points. • None - 0 points.			
		<i>Points</i>			
	Attach CV and qualifications as proof.	• CVs and qualifications for all members (including project leader) provided (5 points)			
1.3	Methodology (35 Points): A comprehensive methodology aligned to project objectives, including: • Validation framework and tools. • GIS or spatial mapping integration.	Rating			
		Very poor (0)			
		Poorly defined/unclear methodology/approach (10 points)	Poor		

	• Data quality assurance methods. • Stakeholder consultation and feedback mechanisms. The following scale will be used in evaluating this section: - Very poor – No methodology or unworkable proposal – 0 points - Poor – Unclear, generic, or missing key sections – 10 points - Average – Moderate depth, but missing some components – 20 points - Good – Fully detailed, aligned to Tor, innovative and tailored – 35 points	Average (20 points)		
		Good (35 points)		
		<i>Points</i>		
1.4	Project Plan (15): Submit a detailed project implementation plan, outlining: - All phases and activities	Rating		
		No project plan (0 points)		
		Poor (5 points)		

	- Key milestones and deliverables - Human and technical resources - Cost allocations per activity - Estimated timeframes for completion Scoring Guide: - Good (all 5 elements) – 15 points - Average (3–4 elements covered) – 10 points - Poor (less than 3 elements) – 5 points - No project plan – 0 points	Average (10 points)		
		Good (15 points)		
				<i>Points</i>
Total Points				
<i>A FUNCTIONALITY SCORE OF LESS THAN (70) POINTS WILL ELIMINATE THE PROPOSAL FOR FURTHER EVALUATION</i>		100		

10.3. Phase 3: Preference Points System

Only qualifying price quotations that achieved the minimum points for functionality will be evaluated further on the 80/20 preference points system as follows:

	Preference Point Criteria	Points Allocation
1.	Price	80
2.	Specific Goals as per the SBD 6.1	20
Total Points		100

Specific Goals and points claimed are indicated per table below:

Specific Goals Allocated and Points to claimed in terms of this RFQ		
Indicate the following to support this claim. Failure to provide the required information will result in being forfeited.		
Indicate Number of <u>Full Time Employed Paid Employees</u> :		_____
Total Annual Turnover or Revenue:		R_____
Size of Enterprise	Number of points allocated (80/20 system)	Number of points claimed (80/20 system) (To be completed by the tenderer)
Micro Enterprise	8	
Small Enterprise	5.6	
Medium Enterprise	3.2	
Large Enterprise	0.8	

Sworn Affidavit/ BBBEE Certificate (Ownership aligned to B-BBEE Status Level)								2	
L1	L2	L3	L4	L5	L6	L7	L8		
2	1.75	1.50	1.25	1	0.75	0.25	0		
Black Women Owned (more/ $\geq$ 30% owned)								4	
Target Group: Youth								2	
Spatial: Rural								4	
Spatial: Townships								2.4	
Spatial: City								0.8	

11. TERMS AND CONDITIONS

- 11.1. Price quotations submitted must be inclusive of all costs and applicable taxes (VAT) and be valid for a period of at least 30 days.
- 11.2. No late price quotations will be accepted under any circumstances.
- 11.3. Failure to submit a valid Sworn Affidavit (EME) or an original/certified valid B-BBEE Status Level Verification Certificate (other than EME or QSE), CIPC, Copy of Utility Bill/Lease Agreement/Title Deed/ Letter from the Municipality will result in no preference points being awarded for Specific Goals.
- 11.4. Suppliers/service providers must submit Companies & Intellectual Property Commission (CIPC) company registration documents listing all Directors or Shareholders and certified ID copies of Shareholders/Directors/Members/Partners.
- 11.5. Suppliers/service providers must complete and return all the required documents, failing which, the supplier/service provider's quotation will be declared invalid.
- 11.6. Service providers/suppliers must submit a valid Tax Compliance Status (TCS) Certificate with a unique security personal, Identification (PIN) issued by the South African Revenue Services (SARS) certifying that the taxes of the service provider/supplier are in order must be submitted at the closing date and time of the RFQ/Bid.
- 11.7. The hourly rates of consultants must be in accordance with the rates issued and determined by the South African Institute of Chartered Accountants, Department of Public Service and Administration or the body regulating the profession of the consultant (if applicable).

- 11.8. Consultant's travel arrangements must be in line with the government's travel cost containment measures [air travel, vehicle hire, accommodation rates, claiming kilometers according to the rates set by the Department of Transport] (if applicable).
- 11.9. This RFQ is subject to the National Treasury's General Conditions of Contract (GCC) that can be accessed at the following link:
- 11.10. Sedfa is committed to a fraud-free environment. One call can keep Sedfa Fraud & Corruption Free. Individuals may report any suspicious activity by calling the Sedfa Fraud Hotline: 0800 724 666 or email sedfa@thehotline.co.za or sms: 30916 or go to <https://www.thehotline.co.za/report>.
